X **Our address:** Staudtstraße 7, 91058 Erlangen, phone: +49 9131 85-28462
Our offices are on the floor 02 (secretary) of building B3

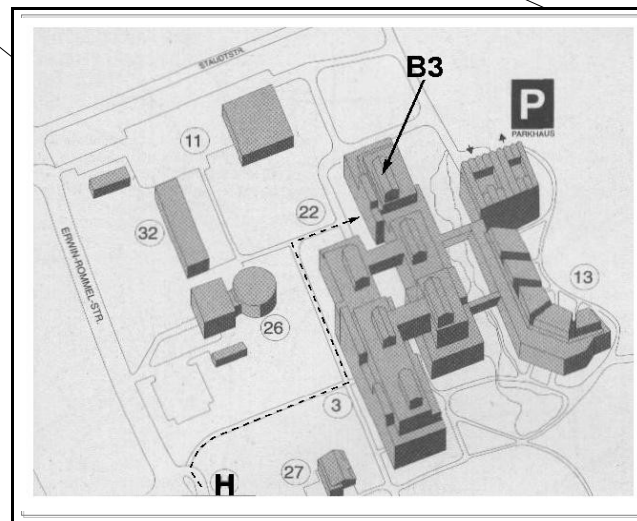

By plane

The closest airport is the airport of Nürnberg. From here you can ...

- ... take a taxi. It takes about 30 minutes to get here (charges of about 30 €).
- ... go by bus. Take the bus to "Thon" (bus line 32). Change in "Thon" to the bus to "Erlangen Hugenottenplatz" (line 30 or 30 E). Exit at "Erlangen Süd" (H2). You will have to walk up the Egerlandstraße and then up the Erwin-Rommel-Straße. On the right side of the Erwin-Rommel-Straße near the bus station "Sebaldussiedlung" (H1), surrounded by trees, you will find the biology and physics institutes. To go by bus takes up to 60 minutes. You will have to buy a ticket for 4 zones (charges of about 3,00 / 3,50 Euro).

By train

Exit at railway station "Erlangen". There is a bus connection to the "Südgelände". Go by bus with line 287 or 293. Exit "Sebaldussiedlung" (H1). This station is just in front of the biology and physics institutes in the Erwin-Rommel-Straße. From here you need only 3 minutes to reach our institute. Of course, you can also take a taxi from the railway station to the Südgelände, which costs about 11 €.

By car

There are two highways around Erlangen - A3 (Würzburg-München), A73 (Nürnberg – Bamberg).

- Highway A3: Leave the highway at "Erlangen-Tennenlohe" in direction Erlangen (Bundesstraße B4). Exit B4 at "Gräfenberg / Universität-Südgelände"
- Highway A73: Leave the highway at "Erlangen-Bruck". Turn right in direction Gräfenberg (Bundesstraße B4). Exit B4 at "Gräfenberg/ Universität-Südgelände"

Now: Follow the signs to "Universität Südgelände". Keep straight on, pass Cauer-Str. and Erwin-Rommel-Straße. Turn left into the Staudtstraße at the traffic light (sign: "Universität Physik / Biologie"). Turn off at the next intersection. Now the parking garage is in front of you and our institute is on your right side.
